

## SLOVENIA CITY PACKAGES 2019

Ljubljana is Slovenia's capital city and economic centre with a beautiful Old Town. Despite the patina of imperial Austria, Ljubljana has a vibrant Slavic air with all the facilities you will need. Almost 50 000 students attend Ljubljana University's 20 faculties and 3 arts academies so the city always feels young. Ljubljana is a good starting point to day trips to other parts of Slovenia. Lake Bled is a 2km long lake at the foot of the Julian Alps and is known as one of Slovenia's most scenic areas. Visit the Karst area to enjoy the Postojna Caves, one of Europe's longest known cave systems, and Predjama Castle.
